

## Sing & Color Activities Book

# Thank you for 10 million YouTube Views!

To thank you for choosing Calico Spanish, enjoy this free Sing-and-Color Activities Book with the young language learners in your life.

**The activities in this book are based on some of our most popular videos. You can watch and sing along while using the activities to help aid Spanish comprehension.**

And the best part? The videos and activities support our popular Classic and Accelerate classroom programs, as well as our video-based Stories Online program, so you know that these fun activities are only enhancing their learning!

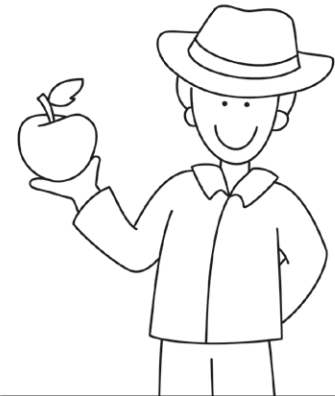

Stories Online is an online program built on comprehensible input delivered in original Video Stories. Each story features fun animal characters and is supported by quality comprehensive resources, so that any teacher can lead the lessons, regardless of their Spanish ability. This program is designed for children in grades preK-5 and is focused on developing learners' communication skills in Spanish. Stories Online works seamlessly with our classroom programs, so once students have completed the Stories program, proficient teachers can continue to guide their learning with Accelerate.
